

## **OPACI-COAT 300® Silicone Spandrel Glass**

Syracuse Glass Company is an APPROVED Factory Fabricator of OPACI-COAT 300® from ICD High Performance Coatings. OPACI-COAT 300® is a patented one component water based silicone coating with outstanding adhesion to architectural glass substrates. OPACI-COAT 300® dries upon evaporation of water to a rubber-like elastomeric film, free of lead or organic solvents, capable of handling at any stage with no fear of personal or environmental harm – a true “GREEN” building material.
