Flat Glass Products - Tempering
Insulating - Beveling - Edgework
All-Glass Doors - Shower Enclosures
StoreFront and Curtain Wall Systems
Aluminum Entrances

PRODUCT CERTIFICATIONS

TEMPERED AND HEAT STRENGTHENED PRODUCTS

Syracuse Glass Company (SGC) manufacturers and certifies its Tempered Glass Products to comply with:

ANSI Z97.1 American National Standard for Safety Glazing Materials Used In Buildings, Class A

CPSC 16 CFR 1201 Safety Standard for Architectural Glazing Materials, Category II.

CAN/CGSB 12.1 National Standards of Canada

CPSC Compliance documents available at www.syracuseglass.com.

SGC is a licensee of the Safety Glazing Certification Council (**SGCC**) Certification Program which requires periodic independent laboratory testing and unannounced plant quality audits and inspections. **SGCC** Certification letter or Certified Product Directory, or independent laboratory test results are available on request.

Tempered and Heat Strengthened Glass Products manufactured by SGC meet the requirements of:

ASTM C1036 Standard Specification for Flat Glass (Quality Level Q3), and

ASTM C1048 Standard Specification for Heat Treated Flat Glass

INSULATING GLASS PRODUCTS

Syracuse Glass Company manufacturers Insulating Glass which meets requirements of:

ASTM E2190 (formerly ASTM E773 and E774) Standard Specification for Insulating Glass Unit Performance and Evaluation. Independent laboratory test results are available upon request.

SGC is a licensee of the Insulating Glass Certification Council (**IGCC**) Certification Program which requires periodic accelerated laboratory testing to **ASTM E2188** and **E2189** test methods and unannounced plant quality audits and inspections. **IGCC** Certification letter or Certified Product Directory is available on request.

SGC Insulating Glass Products comply with the requirements of:

ASTM C1036 Standard Specification for Flat Glass (Quality Level Q3)

Flat Glass Products - Tempering
Insulating - Beveling - Edgework
All-Glass Doors - Shower Enclosures
StoreFront and Curtain Wall Systems
Aluminum Entrances

SGC manufacturers Tempered or Heat Strengthened Insulating Glass which meets the requirements of:

ASTM C1048 Standard Specification for Heat Treated Flat Glass.

Insulating Glass containing coated glass will meet requirements of:

ASTM C1376 Specification for Pyrolytic and Vacuum Deposition Coatings on Flat Glass.

LAMINATED GLASS PRODUCTS

Laminated Glass Products with a minimum .030" interlayer comply with requirements of:

ANSI Z97.1 American National Standard for Safety Glazing Materials used in Buildings, Class A

16 CFR 1201 Safety Standard for Architectural Glazing Materials, Category II.

Laminated Glass Products with a minimum .015" interlayer comply with requirements of:

ANSI Z97.1 American National Standard for Safety Glazing Materials used in Buildings, Class B

16 CFR 1201 Safety Standard for Architectural Glazing Materials, Category I.

Laminated Glass Products will meet the requirements of:

ASTM C1172 Standard Specification for Laminated Architectural Flat Glass

FLOAT GLASS PRODUCTS

SGC Float Glass Products will meet the requirements of:

ASTM C1036 Standard Specification for Flat Glass (Quality Level Q3)

MIRROR PRODUCTS

SGC Mirror Products will meet the requirements of:

ASTM C1503 Standard Specification for Silvered Flat Glass Mirror.
